

LABRADORS Puppy Sales Contract

for Coco Bean & Dort's Litter born 8-9-16

Tender Oak Labradors, 13907 El Monte Rd., Lakeside, CA 92040

Phone: 619/443-8966, Judy@TenderOakLabradors.com

Purebred, AKC registered, Labrador Retriever puppies generally sell quickly on a "first come, first served" basis. Therefore, we keep three lists of buyers: **Tentative Buyers** who have emailed that they are hoping to purchase a puppy, **Confirmed Buyers** who have paid their \$500 deposit, and **Paid-in-Full Buyers** who have paid the full purchase price. Although you may chose to remain on the Tentative Buyer list, Confirmed Buyers who have already paid their deposit will be given priority in the selection line-up. Likewise, Paid-in-Full Buyers are given priority over those who do not complete their purchase in a timely manner as detailed below.

Confirmed Buyers who have paid their deposit will be allowed to select their pup in the order in which they have paid they deposit. When it is difficult or impossible to visit the puppies in person, the pups can be viewed via FaceTime or Skype and the selection made by that means. Once the buyer has selected their puppy, in order to insure that buyers get the puppy of their choice, the balance of the purchase price is due within three days. This may be paid by check to Tender Oak Labradors or paid through PayPal using the link on our website. If the full price is not paid in a timely manner, that buyer may lose his/her place in the selection process and their choice of the pups may be sold to another buyer. Pups are not allowed to leave Tender Oak Ranch or our affiliate breeders homes until full payment is received. The price of the puppy includes a health certificate from a licensed veterinarian and transportation costs to a major airport near the buyer, with buyers and affiliate breeders working out the details.

By signing below the buyer agrees to the above terms and wishes to be put on the puppy waiting list for a

Male or a Female (check one) Black Labrador Retriever puppy sired by Peyton's Dort (AKC registration #SR87774905) and born to Saddie's Midnight Chocolat Sauce (AKC registration #SR62679306) of Silver Birch Labs and owned by Lisa Terry. See pedigrees & OFA certifications at www.TenderOakLabradors.com.

 Tentative Buyer List: There is no deposit being paid at this time.

 Confirmed Buyer List: My \$500 deposit check is attached, payable to Judy Carr, or my deposit is being paid via PayPal, available on our website. Deposits are non-refundable except when a black lab puppy of the sex indicated above is unavailable from the advertised litter. In that case, deposits are fully refundable.

 Paid-in-Full Buyer: The price with limited American Kennel Club registration rights, (which disallows breeding) is \$2,000. The price including the right to full AKC registration which will allow for breeding is \$3,000. (The \$500 deposit applies toward the purchase price. See Bill of Sale for warranty and more details.)
